

Press Release

TAINA and TradeStation Securities Collaborate to Enhance Customer Experience

TAINA Technology announces a new collaboration with TradeStation Securities, Inc. ("TradeStation"), a Monex Group company and award-winning* broker-dealer and futures commission merchant. TAINA will be providing computer science-based technology solutions that are designed to enhance TradeStation's online onboarding process for non-U.S. customers. Specifically, TAINA's technology will provide increased efficiencies in the submission of W-8BEN forms, required by non-U.S. residents trading U.S. securities and seeking to claim reductions in U.S. withholding tax.

Maria Scott, CEO of TAINA Tech said, "Team TAINA is delighted to offer TradeStation a competitive edge by supplying them with a tool designed to give their clients a superior customer experience, and by supporting TradeStation's efforts to further grow its business."

"At TradeStation, we aim to constantly improve the onboarding experience for our customers around the world," said **John Bartleman, President of TradeStation Group, Inc., TradeStation's parent company**. "TAINA's leading-edge technology will help us to enhance accuracy during the onboarding process and contribute towards reducing the time to complete customer account opening applications."
