

## **TAINA Technology closes funding round to fuel further growth**

*Anthemis, Six FinTech Ventures, Tribeca ESP and Reciprocal Ventures participate alongside TAINA's existing investors*

London, UK and NYC, United States. TAINA, a market leading, computer science led provider of flexible and efficient FATCA, CRS and Chapter 3 solutions for banks, online trading platforms and fund administrators has announced today the closing of its most substantial funding round yet, welcoming Anthemis, Tribeca ESP, Reciprocal Ventures and SIX Ventures to the TAINA Family.

This funding round brings together some of the world's most sophisticated investors in financial technology which will help TAINA grow its global footprint as a gold standard FATCA, CRS and Chapter 3 Platform.

TAINA is on a mission to revolutionise regulatory compliance and turn robust compliance into a competitive advantage for financial institutions, including some of the world's largest banks, online trading platforms and fund administrators. TAINA's fully automated FATCA, CRS and Chapter 3 Platform saves financial institutions costs, reduces risks and dramatically improves their customers' experience, enabling instant onboarding from any device.

Maria Scott, TAINA's CEO, said

*"Our world as we know it has changed forever. We continuously hear from senior leaders of financial institutions that automation, instant global connectivity of teams,*

*strengthened resilience of processes and the ability to onboard customers seamlessly online have all become essential must-haves.*

*We will deploy this fresh injection of smart funding to create even more value for our existing clients and reach even more customers in our growing target markets across North America and Europe.*
